Situated at Bathurst and Richmond St, the project is projecting 13 stories and expecting to contain over 210 units with premium finishes. The red brick exterior is designed to evoke memories of the neighbourhood's rich and storied heritage past; this esthetic is further enhanced with the placement of cabling on the exterior as an homage to turn of the century construction. This is the third project in Toronto with Lamb Development Corp., headed by famed real estate impresario Brad J Lamb; his eponymous realty firm has completed over \$8B in condo sales over the past 20 years with an immaculate track record for success.
